

FERRYL[®] Electroclean

Cleaning Liquid for Electrical Equipment

- ELECTROCLEAN** is an effective and quick acting safety cleaning liquid.
- ELECTROCLEAN** has a very low surface tension and therefore quickly penetrates deep into the layers of coil, winding wires, etc., and loosens all oil, grease, dirt, etc.
- ELECTROCLEAN** is neutral, not water soluble and has no corroding effect.
- ELECTROCLEAN** has a very high flashpoint, 100°C (212°F).

The FERRYL[®] products rely on chemical properties for best possible results in rust prevention. The special FERRYL[®] inhibitors contained in the FERRYL[®] grease, oil or plastic compounds provide an excellent long lasting rust protection at a low cost. A few products will cover your entire need. All products are supplied ready to use.
